## INTERNSHIP

### DJANGO FRAMEWORK – RV Tech Learn 2024

Utilized Django framework to create APIs and streamline user authentication for web applications. Spearheaded database integration efforts and fostered team collaboration in exploring emerging technologies.

**Tech stack:** Django, Framework, Bootstrap, sqlite

## PROJECTS

### LEAVE MANAGEMENT 2024

Mastered Django framework for building secure APIs and user authentication. Led database integration projects and embraced innovative technologies in a collaborative team setting.

**Tech Stack:** Javafx, SceneBuilder, Mysql, db

### WORKONHUB 2024

Directed the creation of a cutting-edge social media platform, blending key features from industry pioneers. Utilized advanced technologies to craft a dynamic platform, seamlessly integrating user profiles and content sharing functions.

**Tech Stack:** Django, Html, Css

## CERTIFICATIONS

|   |             |
|---|-------------|
| Structured Query Language - <b>Hackerrank</b>                       | <b>2023</b> |
| Learn JAVA programming - <b>Udemy</b>                               | <b>2023</b> |
| Basics of Python - <b>Infosys</b>                                   | <b>2023</b> |
| Programming in C - <b>Infosys</b>                                   | <b>2022</b> |
